Seoul, S. Korea; Shanghai, China; Taipei,  
Taiwan; Tokyo, Japan.

**Funding:** \$110 million from Foxconn,  
Hyundai Motor Group's Kia Corporation, LG  
Electronics, Marvell, NEC and Translink  
Orchestrating Future Fund, SAIC Capital,  
Translink Capital, UMC Capital, and  
Wanxiang Group Company.

**OEM Partners:** In over 1 million production  
vehicles from Hyundai, Kia, and Genesis;  
expanding to dozens of models and  
millions of vehicles by end of 2024.

### Sonatus Core Technology

The [Sonatus Vehicle Platform](#) is composed of five core products:

1. [Sonatus Foundation](#): Helps build a dynamic vehicle software infrastructure that evolves over time through critical technologies: networking, application management, data management, cybersecurity.
2. [Sonatus Collector](#): Drive continuous vehicle innovations and quality improvement with dynamically collected data.
3. [Sonatus Automator](#): Innovate throughout the vehicle lifecycle, by instantly creating new features, and streamlining vehicle testing and diagnostics.
4. [Sonatus Guard](#): Secure vehicle software infrastructure from cybersecurity threats with a multi-layer solution.
5. [Sonatus Updater](#): Securely manage all types of over-the-air (OTA) updates for vehicle software, with cloud-based simulated dry runs and complete transparency.

## About Sonatus

Sonatus is accelerating vehicle software innovation and the transition towards software-defined vehicles. The diverse products comprising the Sonatus Vehicle Platform serve as the key building blocks that allow automotive companies and their ecosystem to fast forward to the future of mobility and deliver continuous improvements in costs, capabilities, reliability, and user experience over the vehicle lifespan. Sonatus' award-winning software platform is in mass production in over 1 million vehicles from Hyundai, Kia, and Genesis today and will grow to millions of cars by 2024. The company has raised more than \$110 million USD with world-class automotive, technology, and venture investors including Foxconn, Hyundai Motor Group's Kia Corporation, LG Electronics, Marvell, NEC and Translink Orchestrating Future Fund, SAIC Capital, Translink Capital, UMC Capital, and Wanxiang Group Company. Sonatus is headquartered in Sunnyvale, CA (Silicon Valley), with offices in Dublin, Paris, Shanghai, Seoul, Taipei, and Tokyo. Sonatus is a trademark of Sonatus, Inc.
